

DRRs Message:

Celebrate Greetings,

Celebration is never a one man's show rather it will be always a collective effort of all of us together. Firstly, I would like to congratulate you all for taking up the role of Presidents and Secretaries for the Rotary Year 2022-23. What a better way to celebrate it than to be a Celebrate year leader!

In the Upcoming year, you might have a lot of unanswered questions in your mind as to how to deal with your club administration, RI dues, Club projects and whatnot. I assure you, that all your questions will be answered in this first of its kind District Manual that is to be provided to all of you at Compass - The Training of Incoming Presidents and Secretaries (TIPS) & Horizon - The Training of Presidents and Secretaries (TOPS). This District Manual will guide you through effective handling of funds, project planning, meeting protocols, agenda and many elaborate topics which we will be heading up throughout the year.

The useful action items in the manual will help you for the better and developmental growth of your club. And I wish it will be your responsibility to take the learnings from this manual to all the Rotaractors of your club. One hand together gives you strength but we as Rotaractors of 3201 all together joining hands can lift mountains, give our ultimate ability which will benefit a club and a district as a whole.

Let's together celebrate Rotaract!

Rtr. PP. Kishore Babu

District Rotaract Representative
