

Dear 3201 Rotaractors,

This month, the DRR Official Visit has been the prime focus for us and I appreciate the clubs that have taken steps to get it done. Huge congratulations to those 3201 clubs who have completed their DRR Official Visit on time. It is sad to see that few clubs have missed out to complete their visit as we have crossed the given deadline.

During the visits, the best part was the wonderful time I spent interacting with all the members of the clubs. Through the interaction, I was able to know the odds faced by the club; their experience towards projects and the things learnt through the district events.

Special congratulations to Rotaract Clubs of Sri Krishna College of Arts and Science and Adithya for achieving 100% in their DRR's Official Visit Scoresheet.

I was able to infer that lack of proper guidance was the issue faced by most of the clubs, with which they would have progressed more. I request all the Celebrate Presidents to promise a guiding mentor to the President elects of the upcoming Rotaract year.

Hoping and encouraging all the clubs to find a meaningful conclusion to the Celebrate Year as we have two months left. Let's together celebrate Rotaract!
